Personal information:

Married; my wife is a general surgeon too, specialist in breast surgery. One baby (6 years old). I love work as a team. In my experience in Glasgow and at the National Cancer Institute of Milan I have worked in multicultural teams. High competent with most Microsoft Office programmes (Word™, Excel™ and PowerPoint™). Car driving and motorcycle licence. I like sports, especially football, travelling and spending my free-time having good time with my family. I organized medical and surgical missions in India and Brazil with the help of my wife with the goal of improving health conditions of poor people. We performed in each 2 weeks-long mission about 50 operations, 500 medical examinations and 800 hepatitis B vaccinations

Dubai,
05/03/2019
Dr Sergio Mazzei
